FOR IMMEDIATE RELEASE

TRAFFIC ADVISORY
STATE ROUTE 88 FROM THE SAN JOAQUIN/ AMADOR COUNTY LINE TO STATE ROUTE 124 IN AMADOR COUNTY

Amador County – The California Department of Transportation (Caltrans) will perform one-way traffic control on State Route 88 (SR-88) from the San Joaquin/ Amador County line to SR-124 for paving.

Crews will begin work on Monday, November 26, 2012, through Friday, November 30, 2012, from 7:00 a.m. until 6:00 p.m.

Motorists should expect 15 minute delays. Alternate routes should be taken whenever possible.

This work is scheduled to begin as listed, but is subject to change due to traffic incidents, weather, availability of equipment and/ or materials and construction related issues.

This work is part of the $28.7 million SR-88 Jackson Valley Rehabilitation Project which began in July of 2012. The project will rehabilitate the roadway by replacing the pavement and widening the shoulders on SR-88 from the Amador County line to seven miles east of Clements, near the intersection of SR-124; widen the Jackson Creek Bridge; and replace the Jackson Creek overflow bridge. This project is anticipated to be completed in December 2015.
