Dear Mr. Hannon and Mr. Sukys:

With this letter, the California Department of Transportation (Caltrans) transmits Administrative Modification No. 27 to the rural non-Metropolitan Planning Organization (MPO) area portion of the California 2013 Federal Statewide Transportation Improvement Program (FSTIP). This modification adds programming capacity in the amount of $3.944 million that relies on the FSTIP federal programming capacity. The financial plan will be updated to reflect this change in the next formal amendment.

FSTIP Modification #27 amends the following existing projects in the 2013 FSTIP:

1. CTIPS ID 230-0000-0029, Grouped Project Listing for Emergency Repair – SHOPP Emergency Program – increases FY 13/14 funding by $3.640 million; and updates the detailed grouped project listing by adding two new projects.

2. CTIPS ID 230-0000-0400, Grouped Project Listing for Training and Research Programs– increases FY 13/14 funding by $304,000 and updates the detailed grouped project listing by adding one new project funded from federal discretionary Multistate Corridor Operations and Management Program.

These changes are consistent with the FSTIP Amendment and Administrative Modification Procedures and have no impact on the rural non-MPO financial constraint or air quality conformity. In addition, there are no projects in this administrative modification that are included in any other amendment that is currently open for public review.
Since administrative modifications do not require Federal Highway Administration (FHWA) and/or Federal Transit Administration (FTA) approval, these changes have been incorporated into California's 2013 FSTIP.

If you have any questions or comments regarding this modification, please contact Lilibeth Green of my staff, at (916) 654-3521.

Sincerely,

Muhaned Aljabiry, Chief
Office of Federal Transportation Management Program
