Attn: Muhaned Aljabiry

SUBJECT: StanCOG 2012/13-2015/16 FTIP Amendment # 7

Dear Ms. Falsetti:

The Federal Highway Administration (FHWA) and the Federal Transit Administration (FTA) have completed the review of Amendment # 7 to the Stanislaus Council of Governments (StanCOG) FY 2012/13-2015/16 Federal Transportation Improvement Program (FTIP) that was submitted by your letter dated September 30, 2013. StanCOG adopted Amendment # 7 on September 18, 2013. This amendment to StanCOG's FTIP:

- Modifies and deletes projects from the StanCOG region. The amendment includes projects funded from the State Highway Operation and Protection Program, State Minor Program, and the Congested Mitigation and Air Quality Improvement Program.

Pursuant to the July 17, 2004, *Memorandum of Understanding between the Federal Highway Administration, California Division, and the Federal Transit Administration, Region IX,* we accept the modifications to the 2012/13 – 2015/16 Federal Statewide Transportation Improvement Program (FSTIP) for the StanCOG region in accordance with the Final Rule on Statewide and Metropolitan Transportation Planning published in the February 14, 2007 Federal Register. We find that StanCOG's FTIP, through Amendment # 7, was developed through a continuing, cooperative and comprehensive transportation planning process carried out in accordance with the metropolitan planning provisions of 23 U.S.C. 174, and 49 U.S.C. Chapter 53 as amended by Sections 1201, 1202, 20005 and 20006 of Public Law 112-141, the Moving Ahead for Progress is the 21st Century Act (MAP-21).

We have determined that this program modification is exempt from the regional emissions analysis requirements pursuant to the transportation conformity provisions found in 40 CFR Part

93. This finding has been coordinated with Region 9 of the Environmental Protection Agency (EPA) in accordance with the procedures outlined in the *National Memorandum of Understanding between DOT and EPA on Transportation Conformity,* dated April 25, 2000. Therefore, we find that the FTIP continues to conform to the applicable State Implementation Plan (SIP).

This approval is provided with the understanding that the FTA funding approval on the individual projects contained in the FSTIP are subject to grantees meeting all necessary FTA administrative requirements, and that approval of this programming action does not provide a federal eligibility determination for CMAQ projects or any other project funding source included in this amendment.

If you have questions or need additional information concerning our approval for this StanCOG FSTIP amendment, please contact Cecilia Crenshaw (cecilia.crenshaw@dot.gov) of the FHWA California Division office at (916) 498-5033.

Sincerely,

/s/ Leslie T. Rogers
