

Chapter 6 List of Preparers

6.1 California Department of Transportation

Ronald Kosinski, Deputy District Director, B.A. Geography, California State University, Long Beach, Masters in Urban Planning, California State Polytechnic University, Pomona; 39 years of environmental planning experience. Contribution: Management, including analysis, document editing, and approval.

Karl Price, Senior Environmental Planner. B.S. Biology, California State Polytechnic University, Pomona; 17 years of environmental planning experience. Contribution: Environmental project management, environmental document preparation, and oversight.

Maria Reynolds Brooks, Associate Right-of-Way Agent, B.A. Journalism with Minor in Public Relations, Ohio State University; 25 years of experience in right-of-way acquisition, relocation, property management, appraisal and excess land sales. Contribution: Assisted in the preparation of the Draft Relocation Impact Report.

Paul Caron, Senior Environmental Planner (Natural Science). B.S. Environmental & Systematic Biology, California State Polytechnic State University, San Luis Obispo; 23 years of experience in biological surveys, biological technical reports, and ecological restoration; 11 of those years as a supervisor of biologists. Contribution: Review of all biological technical reports for this project, as well as planning all necessary survey work and coordination with resource agency personnel.

Angus Chan, Associate Right-of-Way Agent. B.A. in Management Science, California State University, Fullerton; M.B.A., Statistics & Operation Research, California State University, Fullerton; 11 years of experience in transportation planning and 2 years of experience in right-of-way. Contribution: Assisted in the preparation of the Draft Relocation Impact Report.

Kristin Fusello, Associate Environmental Planner. B.A. Geography, California State University, Northridge; 13 years of experience in environmental and cultural surveys and document preparation. Contribution: Cultural resource surveys and environmental document preparation.

Billy Ho, Environmental Planner, B.A. Geography/Environmental Studies, University of California, Los Angeles; Masters of Urban & Regional Planning, University of Michigan; 4 years of experience in geographic information system (GIS) and environmental document preparation. Contribution: GIS mapping and data analysis and environmental document preparation.

Aye Htoon, Transportation Engineer, B.S. Civil Engineering, Rangoon Institute of Technology (Myanmar); 15 years of experience in civil engineering, including construction and design. Contribution: Performed technical noise study and prepared Noise Study Report.

Alex Kirkish, Associate Environmental Planner (Archaeologist). B.A. University of California, Santa Barbara; M.A. University of California, Riverside; Ph.D. University of Leicester; 35 years of experience in cultural resource management. Contribution: Oversight of cultural and paleontological surveys and report preparation, prepared Supplemental Archaeological Survey Report (ASR).

Thoa Le, Associate Environmental Planner. B.S. Biology, Hanoi University of Education; M.S. Environmental Sciences, University of East Anglia, UK; 13 years of experience in environmental research, environmental document preparation, and reviews. Contribution: Section 4(f) analysis, documentation, and coordination.

Munshi Mohsin, Transportation Engineer (Range D). B.S. Civil Engineering, Bangladesh University of Engineering & Technology; M.S. Civil Engineering, New Mexico State University at Las Cruces; 15 years of experience in environmental investigation and remediation studies for hazardous waste sites. Contribution: Initial Site Assessment (ISA).

Samer Momani, Associate Environmental Planner. B.S. Biology, University of Jordan; M.S. Environmental Studies, California State University, Fullerton; 10 years of experience in environmental studies and document preparation. Contribution: Farmland Impact Assessment and environmental document preparation.

Ali Nili, Associate Engineering Geologist, M.S. Geology, University of Texas, El Paso; M.A. Geology, at University of California, Los Angeles; 25 years of experience in conducting and overseeing hazardous material site investigation and remediation. Contribution: Preparation of Supplementary Site Assessment and Supplementary ISA.

Keith Sellers, Landscape Associate, RLA #5288. Bachelors of Landscape Architecture, University of Nevada, Las Vegas; 13 years of experience in Visual Impact Assessments. Contribution: Visual Impact Assessment and environmental document preparation.

Daniel Tran, Associate Environmental Planner. B.A. Environmental Analysis and Design, University of California, Irvine; Masters in Public Administration, California State University, Long Beach; 7 years of experience in environmental analysis and environmental document preparation. Contribution: Community Impact Assessment (CIA) and environmental document preparation.

Robert John Wang, Associate Environmental Planner/GIS Coordinator. B.A. Geography/Environmental Studies, University of California at Los Angeles; GIS Certificate, California State University, Los Angeles; M.A. Geography/Urban Planning, California State University, Los Angeles; 14 years of experience in environmental planning, document preparation, global positioning system (GPS) resource data acquisition, and GIS map preparation. Contribution: Environmental document preparation and GIS map and exhibit preparation.

Andrew Yoon, Senior Transportation Engineer. B.S. Civil and Environmental Engineering, University of California, Los Angeles; 17 years of experience in civil and environmental engineering for infrastructure and development projects. Contribution: Air quality impacts assessment.

Chaffee Yui Yiu, Environmental Planning Intern, B.S. Civil Engineering, California State University, Long Beach; M.S. Civil Engineering, California State University, Long Beach; 6 years of experience in environmental planning and engineering, GPS resource data acquisition, and GIS map preparation. Contribution: GIS map and exhibit preparation.

Sharon He Yiu, Volunteer. B.A. Geography and GIS, University of California, Los Angeles; 4 years of experience in environmental planning and engineering, GPS resource data acquisition, and GIS map preparation. Contribution: Preparation of GIS maps and exhibits.

6.2 Metropolitan Transportation Authority

Moises Hernandez, Highway Program Trainee. B.A. Urban Studies, University of California, Berkeley; Growing experience in environmental document preparation and support for transportation projects. Contribution: Environmental document review support, schedule planning, and coordination.

Will Lamborn, Transportation Planner. B.A. Political Science, Davidson College; Master's in Urban and Regional Planning, University of Buenos Aires; 3 years of experience in transportation planning. Contribution: Project Management

Roberto Machuca, Transportation Planning Manager. B.A., Political Science/Public Administration, California State University, Los Angeles; Masters in Urban and Regional Planning, California State Polytechnic University, Pomona; 9 years of experience in transportation planning and management. Contribution: Project management.

6.3 Consultant Staff

Parsons

Rosemarie Ampil, Sustainability Manager, CEM, LEED AP. Biological Sciences, Cal-State University, Northridge; 15 years of facilities, regulatory compliance, and energy experience. Contribution: Author of the Green Energy Feasibility Report.

Randy Britt, Director of Sustainability. Illinois State University; 34 years of experience in facility, energy efficiency, and renewable energy project and program management experience. Contribution: Co-author of the Green Energy Feasibility Study Report.

Jennifer Cardamone, Environmental Planner. B.A. Environmental Studies, University of Southern California; 3 years of environmental planning experience. Contribution: Author of the natural communities and plant species sections.

Dan Conaty, Principal Environmental Planner. M.A. Geography, San Diego State University; 33 years of environmental planning experience. Contribution: Author of purpose and need, construction chapter; consistency reviewer of growth, farmland, energy, and miscellaneous sections; and preparer of Bike Path Technical Study.

Eric Coumou, GIS Analyst. M.A. Geography, San Jose State University; 25 years of GIS Analysis experience. Contribution: Cartography and map analysis.

David J. Finnegan, Transportation Planner. Master of Urban and Regional Planning, University of Iowa; 27 years of transportation and transit planning experience. Contribution: Co-author of traffic section.

Elvira V. Gaddi, PE, STP; Principal Project Manager; M.S. Chemical Engineering, University of Idaho; 30 years of environmental engineering and planning experience. Contribution: Author of executive summary, consistency reviewer for land use, community impacts, utilities/emergency services, geology/soils/seismic/topography, paleontology, and hazardous waste or materials sections.

Areg Gharabegian, Noise and Vibration Engineer. M.S. Energy, Resources, and Environment, George Washington University and B.S. in Mechanical Engineering; 35 years of experience in analyzing noise impacts and recommending mitigation measures. Contribution: Technical oversight and quality control of the Noise Study Report, as well as noise and vibration section of the Environmental Impact Report (EIR)/Environmental Impact Statement (EIS).

Christopher Hinds, Principal Environmental Planner. Bachelors of Soil Science, California Polytechnic University, San Luis Obispo; 5 years of environmental planning experience. Contribution: Water quality and quality control reviewer.

Greg King, Principal Environmental Planner. M.A. Public Historical Studies, University of California, Santa Barbara; 30 years of environmental planning experience. Contribution: Cultural resources chapter consistency reviewer; provided peer review of the Historic Property Survey Report (HPSR), Historic Resources Evaluation Report (HRER), and Finding of Adverse Effect Report.

Anne Kocheon, Qualified Environmental Professional, Environmental Senior Project Manager. M.S. Environmental Engineering, Asian Institute of Technology, Bangkok, Thailand; 29 years of experience in environmental planning and impact assessment. Contribution: Technical Studies and EIR/EIS task management, Peer review of Energy Technical Study, Green Energy Technical Study, Draft EIR/EIS preparation manager, and overall technical edit of EIR/EIS.

Liz Koos, Senior Technical Editor. 27 years of editing experience. Contribution: Draft EIR/EIS technical editor.

Thanh Luc, Technical Staff Manager, Noise and Vibration. Mechanical Engineering. B.S. California State Polytechnic University, Pomona; 24 years of experience in noise and vibration analysis. Contribution: Noise and vibration section.

Gary Petersen, Principal Project Manager. Master of Planning, University of Southern California; 38 years of environmental planning experience. Contribution: Peer review and quality assurance/quality control of the Bike Path Technical Study, Energy Technical Study, Green Energy Technical Study, and Draft EIR/EIS.

Leslie Provenzano, Environmental Planner. Master of Planning, University of Southern California; 6 years of environmental planning experience. Contribution: Author of the cumulative impacts section, visual/aesthetics consistency reviewer, and overall Draft EIR/EIS preparation.

Rabindra “Ravi” Puttagunta, Principal Transportation Engineer. M Sc. (Transportation), University of Saskatchewan, Canada; more than 20 years of transportation/traffic experience. Contribution: Traffic operations/analysis/circulation.

Sharon Queiro, Senior Graphic Designer. 18 years graphic design experience. Contribution: Preparation of CDs and report printing coordination.

Andrea Reeves Engelman, Senior Environmental Planner. B.S. Arizona State University; 14 years of environmental planning experience. Contribution: Author of the biological environment section (animal species and invasive species).

Julio Rodriguez, Associate Planner. Master of Urban and Regional Planning, California State Polytechnic University, Pomona; 2 years of experience in environmental planning. Contribution: Author of the energy section, irreversible commitments section, relationship between local short-term uses of the human environment section, and overall GIS technical support.

Gilberto Ruiz, Senior Project Manager. M.A. Urban and Regional Planning, University of California, Los Angeles; 22 years of experience in environmental planning and impact assessment. Contribution: Quality assurance/quality control for the Palmdale Transportation Center Station analysis.

Kami Sangha, Senior Proposal Coordinator. 29 years of word processing experience. Contribution: Document formatting/layout for all submittal stages.

Robert Scales, Senior Program Director, Transportation Planning and Traffic Engineering. Master of Engineering (Transportation), University of South Carolina. 43 years of experience in transportation/traffic engineering. Contribution: Traffic Study technical report lead and principal author.

Angela Schnapp, Principal Planner. M.S. University of Illinois at Urbana-Champaign; 14 years of experience in environmental planning. Contribution: Author of air quality and climate change sections.

Veronica Seyde, Water Quality Manager. Master of Environmental Studies, California State University Fullerton; more than 25 years of experience in water quality sciences, with more than 10 years of experience providing environmental documentation for water resource sections and analyzing the implications of stormwater and dry weather urban runoff. Contribution: Primary author of Water Quality Assessment Report; consistency reviewer of hydrology and floodplain and water quality and storm water runoff; quality control of the Geomorphology Technical Report and the Hydrology/Hydraulics Technical Report.

Sowmya Venkatasubramanian, Engineer I. Master of Professional Studies – Environmental Resources Engineering, State University of New York – College of Environmental Science and Forestry; 6 years of experience in environmental engineering. Contribution: Co-author/contributor for the Green Energy Feasibility Study Report.

Terry A. Hayes Associates, Inc. (TAHA)

Sam Silverman, Senior Associate. M.S. Environmental Health, University of California Los Angeles; 13 years of experience in planning. Contribution: Task manager and technical editor for Energy Technical Report.

Mike Sullivan, Environmental Planner. B.S. Environmental Science, University of California Riverside; 7 years of experience in planning. Contribution: Author of the Energy Technical Report.

Cogstone, Inc.

Pamela Daly, Architectural Historian. M.S. Historic Preservation; University of Vermont; 16 years of experience. Contribution: Secondary author of Finding of Effect.

Sherri Gust, Program Manager. M.S. Anatomy, University of Southern California; 34 years of experience. Contribution: Project Manager and secondary author of Extended Phase I Report.

Dustin Keeler, Field Director. Ph.D. Anthropology, State University of New York at Buffalo; 5 years of experience. Contribution: Secondary author of Extended Phase I Report.

Nancy Sikes, Principal Archaeologist. Ph.D. Anthropology, University of Illinois, Urbana-Champaign; 20 years of experience. Contribution: Primary author of Extended Phase I Report and Finding of Effect.

Molly Valasik, GIS Manager. M.A. Anthropology, Kent State University; 6 years of experience. Contribution: Secondary author of Extended Phase I Report.

Ecorps

Margaret Bornyasz, Senior Biologist/Wetlands Specialist. M.S. Soil and Water Science, University of California, Riverside; 16 years of experience in environmental consulting. Contribution: Co-lead for jurisdictional delineation and author of biological technical reports.

Brad Haley, Senior Biologist. B.A. Environmental Studies, University of Redlands, California; 10 years of experience in environmental consulting. Contribution: Wildlife biologist and author of biological technical reports.

Anthony Mann, Senior Biologist. B.A. Applied Geography with minors in Biology, Environmental Studies, and Geology, California State University, Stanislaus; 20 years of experience in biological research and consulting. Contribution: Task lead for wildlife movement studies and author of biological technical reports.

Kerry Meyers, Botanist. B.S. Biology, California State University, San Bernardino; 10 years of experience in botany and biology. Contribution: Lead botanist.

Donald R. Mitchell, Principal Biologist. M.S. Zoology, Northwestern State University of Louisiana, Natchitoches; 26 years of experience in environmental consulting. Contribution: Manager for biological studies, author and quality assurance/quality control lead for biological technical reports.

Benjamin Smith, Wildlife Biologist. M.S. Environmental Studies, California State University, Fullerton; 8 years of experience in environmental consulting. Contribution: Avian studies task lead and author of biological technical reports.

Scott Taylor, Senior Biologist/Wetlands Specialist. B.A. Point Loma Nazarene University, San Diego, California; 24 years of experience in environmental consulting. Contribution: Co-lead for jurisdictional delineation and author of biological technical reports.

Kristen (Mobraaten) Wasz, Senior Biologist. B.A. Environmental Studies, University of Redlands, California; 10 years of experience in environmental consulting. Contribution: Wildlife biologist and author of biological technical reports.

Phillip Wasz, Wildlife Biologist. B.S. Wildlife Biology, Colorado State University, Fort Collins; 6 years of experience in biological survey. Contribution: Wildlife biologist and author of biological technical reports.

Parsons Brinkerhoff

Maisoon Afaneh, Lead Environmental Planner. Masters of Regional and Community Planning, Kansas State University; 18 years of experience in transportation and environmental planning. Contribution: Prepared sections and conducted overall review of the CIA.

Allan A. Hodges, FAICP, Senior Planning Manager, Senior Professional Associate. B.S. Community Development, Southern Illinois University; Master of Urban Planning, Michigan State University; 48 years of experience in transportation and environmental planning. Contribution: Prepared Growth Impact Study and the growth chapter of the CIA.

Stephanie S. Oslick, AICP, Environmental Manager. B.S. Biological Sciences, University of Southern California; M.S. Environmental Studies, California State University, Fullerton; 18 years of experience in environmental planning. Contribution: Managed preparation and conducted quality assurance/quality control review of sections of the CIA prepared by Parsons Brinkerhoff; conducted overall review of the entire CIA.

Jessica C. Wilkinson, AICP, Senior Planner. A.S. Architectural Technology, Mount San Antonio College, Walnut; B.A. Political Science/Public Administration, California State Polytechnic University, Pomona; Master of Urban and Regional Planning, California State Polytechnic University, Pomona; 12 years of experience in municipal and environmental planning. Contributed to sections of the CIA.

Galvin Preservation Associates, Inc.

Andrea Galvin, Architectural Historian. B.A. University of California, Davis; M.A. University of Pennsylvania. Contribution: Architectural Historian manager and preparation of HRER.

ICF Jones and Stokes

James A. Alen, Professional Geologist (#8335); 20 years of experience in geological analysis. Contribution: Preparation of the Paleontological Report.

Karolina Chmiel, Staff Archeologist. M.A. Northern Arizona University; 5 years of experience in California archaeology. Contribution: Preparation of the ASR.

Mark Robinson, Senior Archaeologist consultant. M.S. University of Oregon; 21 years of experience in southern California archaeology. Contribution. Preparation of the HPSR.
