1. Please list three specific goals that your firm would like to gain from participating in the program.

- 1) How to track projects at Caltrans before they are released as an RFQ/P.
- 2) Further develop my soft skills while dealing with prime consultants and other experts
- 3) Develop a winning Statement of Qualifications
- 4) Find out about interview techniques on how to hire and retain the best people.

2. Please list three items that your firm brings to the relationship.

- 1) We have several Registered Professional Engineers that could bring strength and credibility if they need to meet SBE/DBE goals.
- 2) We have had great success tracking projects before they became public at the Port of Long Beach. We would like to bring that level of dedication and service to our mentor and also be willing to share our knowledge of which projects are coming up.
- 3) Assist in tracking projects and gathering information relevant to the project we are pursuing.

3. Current certifications: (Check all applicable. Show certification number.)

SBE _____ UDBE _____ DBE _____ DVBE _____

4. If not currently certified, are you planning to be SBE certified? Yes No

5. Has your firm worked with any of the following agencies?

- | | | |
|--|--------------|----|
| a. Caltrans | Yes | No |
| b. Metro / OCTA / RCTC / SANBAG / VCTC | X Yes | No |
| c. Local Agencies | Yes | No |
| d. Other Governmental Agencies | X Yes | No |

6. How long has your firm been performing A&E services? _____ 6 _____ years

7. What is your average annual revenue for the past three years? \$ _____ 250,000 _____ per year

Remarks:

Please partner us with a Construction Management firm: Stantec, Caltrop, Jacobs Civil, or Harris & Assoc., would be ideal.

COMPANY PROFILE

In 2004, with more than 35 years of experience, Mr. Elias R. Javier, P.E. founded ERJ Engineering Consultants (ERJ). ERJ is a certified small/minority (S/MBE) business enterprise based in Cerritos, California. We started as an electrical design and construction management firm. Years of experience include projects for the Port of Long Beach, City of Los Angeles, Los Angeles Department of Water and Power, and Metropolitan Water District.

During the last seven years, ERJ has expanded its capabilities to include M/E/P and fire protection design, BIM CAD services, construction inspection, and administrative services. ERJ's reputation was built in the public sector by providing an experienced, professional staff, and consistently standing behind our work.

Services Provided

- MEP Constructability Review
- Administrative Assistant, Document Control, QA/QC field personnel
- Deputy Field inspections: Concrete, Masonry, Welding.
