FOR IMMEDIATE RELEASE

CALTRANS AWARDS \$350 MILLION IN GRANTS TO IMPROVE PUBLIC TRANSIT AND AIR QUALITY

Stockton – Caltrans has awarded approximately \$350 million in grants to improve public transit across California. An estimated 80 projects will upgrade transit service, purchase eco-friendly buses, modernize transit stations and create jobs throughout the state. The grants are funded through Proposition 1B, the 2006 voter-approved transportation bond, which is providing \$3.6 billion over a 10-year period to improve public transit in California.

“These projects are a direct investment in our state's public transit system and will help energize California's economy,” said Caltrans Director Malcolm Dougherty. “Not only will these projects help create jobs, they will also reduce traffic congestion, clean the air, and provide Californians with more viable alternatives to rising gas prices.”

Some of the notable projects awarded Proposition 1B funding include:

San Joaquin County: \$4.3 million – San Joaquin Regional Rail Commission will utilize the funds for the ACE Maintenance and Layover Facility.

San Joaquin County: \$1,732,593 – San Joaquin Regional Transit District will use the funds for the RTD Metro Express: Hammer Triangle Transfer Station and purchase six buses for the RTD Metro Express: Hammer Lane Corridor BRT.

San Joaquin County: \$450,000 – The City of Lodi will use the funds for Transit Fare Collection System Phase I and II.

San Joaquin County: \$149,000 – Transit Bus Shelter/ Maintenance Facility for the City of Ripon.

Amador County: \$748,218 – Amador Regional Transit Systems will upgrade MOA Facility; replace three buses; and purchase an Amador transit shop truck, nitrogen air compressor and a dispatch voice system.
