FOR IMMEDIATE RELEASE

PERMANENT RAMP CLOSURE STATE ROUTE 99 AT MAIN STREET IN STOCKTON

Stockton – The California Department of Transportation (Caltrans) will permanently close the northbound off-ramp on State Route 99 (SR-99) at Main Street. The closure will take place on Monday, November 17, 2014.

Detour:

Northbound SR-99 to Main Street:

- Take Farmington Road Exit;
- Head east on Farmington Road;
- Left onto Golden Gate Avenue toward Main Street.

The closure is scheduled to begin as listed, but is subject to change due to traffic incidents, weather, availability of equipment and/ or materials and construction related issues.

This closure is part of the SR-99 South Stockton Widening Project. The \$214.5 million project will widen SR-99 from four lanes to six lanes from Arch Road to SR-4. The project will build bridges; rebuild existing interchanges and permanently close some existing interchanges. The project when completed will ease congestion, improve mobility, decrease commute times and enhance safety within and through the county. Caltrans would like to extend our appreciation to motorists and residents for their cooperation during the construction of the SR-99 improvement project.
