Public Agency Consortium

Public Agency Consortium (PAC)

The PAC is a partnership of regional agencies focused on increasing the diversity of business participation on public agency contracts and procurement.

PAC promotes three regional networking events a year to assist with improving small business success.

Procurement and Resource Fair

This free networking event is a one stop shop for small businesses. Over 30 public agencies participate and provide information on which certifications they accept, how to register and do business directly with them. Caltrans purchasers provide quote sheets to commodity and supplier businesses. Bonding, banking, insurance and certification professionals are also available to provide assistance and educational workshops to small business owners.

Operation Opportunity

This networking event provides small businesses and community partners the opportunity to display their products and services. There is a workshop provided as well as a matchmaking component with over 30 corporate, federal and local government agencies.

Paths To Partnerships

Purchasing resources, expanded networking & workshops.

PAC is a collaboration of local public agencies in San Diego and Imperial counties. Our vision is to promote diversity for small businesses that provide commodities and services. The program objectives are to recruit, encourage certification of small, emerging and local businesses, foster regional economic development, and to hold informational sessions on business contracting opportunities.

Membership Guidelines

Public agencies that receive public funds, maintain outreach efforts focused on increasing small business utilization in government and/or public agency contracts, and will support PAC sponsored events are welcome to participate in PAC. To apply, please contact PAC President, Ms. Alma Banuelos at abanuelos@sandi.net.
