**Contact:** Gloria Rodriguez (559) 444-2409  
**Email:** [gloria\\_rodriguez@dot.ca.gov](mailto:gloria_rodriguez@dot.ca.gov)

## CALTRANS ANNOUNCES MAINTENANCE PROJECT TONIGHT ON SOUTHBOUND STATE ROUTE 99

**WHAT:** EMERGENCY CONCRETE SLAB REPLACEMENT PROJECT ON SOUTHBOUBOUND STATE ROUTE (SR) 99 REQUIRES LANE CLOSURES.  
**WHEN:** BEGINNING TONIGHT FROM 10:00 P.M. - 6:00 A.M. SATURDAY MORNING.  
**WHERE:** CITY OF FRESNO; ON SOUTHBOUND STATE ROUTE 99 JUST SOUTH OF BELMONT AVENUE NEAR THE NEILSEN AVENUE OVERCROSSING.

The California Department of Transportation (Caltrans) announces maintenance personnel will conduct an emergency concrete slab replacement project of two locations within the **SOUTHBOUND** number one (fast lane) and number two (middle lane) of State Route (SR) 99 beginning this evening. In order to minimize traffic impacts during commute times, this project will consist of two overnight lane and shoulder closures. This project is anticipated to be completed in one evening. **(Schedule subject to change due to any unforeseen circumstances.)**

Motorists will experience traffic delays in this area during this time since only the number three (slow lane closest to the right shoulder) will be accessible to motorists. Motorists are encouraged to avoid this area or use an alternate route whenever possible.

In partnership with the California Highway Patrol (CHP), CHP enforcement will be present to provide extra support for traffic control. Changeable Message Signs (CMS) will be in place on southbound State Route 99 notifying motorists of upcoming lane closures and motorists will be directed to merge accordingly.

Caltrans would like to thank commuters for their patience during this emergency project. The public is reminded to be alert for maintenance personnel and to merge when directed to do so. The safety of our motorists' and work crew personnel is most important, therefore, please stay alert and "**Slow for the Cone Zone**" in all Construction and Maintenance Zones at all times.

For further information regarding this project, please contact the Caltrans District 6 Public Information Office at the number listed above.
