

TRAFFIC ALERT

Date: May 31, 2012
District: District 9 - Bishop, www.dot.ca.gov/dist9
Tom Hallenbeck, District Director
Contact: Florene Trainor, florene_trainor@dot.ca.gov
Phone: (760) 872-0603 office, (760) 937-1553 cell

FOR IMMEDIATE RELEASE

Who: California Department of Transportation, District 9
What: Roadway Preservation
When: June 1, 2012 to June 13, 2012
Where: US Hwy 395 – Various Locations

Inyo County - Crews will be fog sealing US 395 as per the following schedule to extend the life of the roadway.

June 4, 2012	Lone Pine north bound	post mile 54.6 – 59.0	start time 5:00 am
June 5, 2012	Lone Pine south bound	post mile 54.6 – 59.00	start time 5:00 am
June 6 – 7, 2012	Black Rock	post mile 77.0 – 93.0	start time 5:00 am
June 12 – 13, 2012	Big Pine	post mile 99.0 – 100.8	start time 1:00 am

The purpose of fog sealing is to “rejuvenate” the roadway by adding the naturally occurring “oils” back into the roadway that have oxidized out of the pavement. This adds life to the pavement and allows it to perform better and be more flexible.

Please be advised that there may be 20 minute delays. Flaggers will be directing traffic. Slow down and watch for highway workers.

When approaching the construction zone the travelling public is advised to reduce their speed, observe the construction signs, and watch for construction personnel and equipment.
