FOR IMMEDIATE RELEASE

State Route 168 Culvert Extensions

Inyo County – The California Department of Transportation (Caltrans) has begun a project to extend four separate culverts located on State Route 168 from McLaren Lane to Ed Powers Road near Bishop.

Drivers should anticipate one way traffic control with flaggers stopping traffic and a pilot car during daylight hours. Delays should not be more than 15 minutes. Construction is expected to be complete by August 2013.

The contractor for this \$166,035 project is S L S Construction, Inc of Santee, CA.

For the safety of the construction crew and motorists, please be attentive to closures, slow for the cone zone, and move over one lane where possible.
