Subject: Railroad Clearance

I have reviewed the plans for the above referenced project and have determined that although Union Pacific Railroad Company tracks are delineated on the Title Sheet and are within the project limits, there are no railroad involvements.

The project is now ready to list and cleared for advertising as far as railroads are concerned.

Railroad Protective Liability Insurance is not required.

Railroad Short Clause is attached for insertion into Section 5 of the Contract Special Provisions, Railroad Information Handout.

If you have any questions, please call me at (530) 741-7146.
