Subject: **STIP AMENDMENT 12S-022**

## **SUMMARY:**

The California Department of Transportation (Department) will request that the California Transportation Commission (Commission) approve the requested State Transportation Improvement Program (STIP) amendment at the next scheduled Commission meeting following the notice period.

## **ISSUE:**

Plumas County proposes to amend the 2012 STIP to delete the Big Creek Road Rock Slope Protection project (PPNO 2232) and the Bucks Lake Road (Frenchman Hill to Grizzly Creek Bridge) project (PPNO 2348) in Fiscal Year (FY) 2013-14 and add a new project, Bucks Lake Pavement Rehabilitation (Snake Lake Road to Slate Creek Road) project (PPNO 2542) in Plumas County.

## **BACKGROUND:**

Plumas County proposes to delete \$600,000 in Regional Improvement Program (RIP) funding for construction of the Big Creek Road Rock Slope Protection project (PPNO 2232) and \$553,000 in RIP funding for construction of the Bucks Lake Road Pavement Rehabilitation (Frenchman Hill to Grizzly Creek Bridge) project (PPNO 2348) for a total of \$1,153,000. These two existing projects were delayed for years due to their lower priority when STIP capacity was unavailable. Subsequently the county completed construction of both projects by using federal funds from the Forest Highway Program. The Plumas County Transportation Commission concurs with this request.

The County now proposes to complete a revenue-neutral amendment to Plumas County's Regional Transportation Improvement Program to add a new project on the same route, Bucks Lake Road Pavement Rehabilitation (Snake Lake Road to Slate Creek Road) project (PPNO 2542).

The proposed funding plan changes are shown in the table on the following pages.
