From: ANDRE BOUTROS  
Executive Director

Subject: **REPORT ON LOCAL AGENCY NOTICES OF INTENT TO EXPEND FUNDS  
ON STIP PROJECTS PRIOR TO COMMISSION ALLOCATION, PER SB 184**

## **SUMMARY:**

Senate Bill (SB) 184 (Chapter 462, Statutes of 2007) authorizes a regional or local agency, upon notifying the California Transportation Commission (Commission), to expend its own funds for a project programmed in the State Transportation Improvement Program (STIP) to which the Commission has not yet made an allocation. This report includes a list of the local STIP projects programmed in 2014-15 for which an SB 184 letter and allocation request was received.

As reported at the June 2014 meeting, SB 184 notification letters had been received for 28 local STIP projects. Since then, four additional notifications have been received, two for planning, programming, and monitoring (PPM) projects; one for environmental on a local road project in Alturas; and one for design and right of way on the Jelly's Ferry Bridge Replacement project in Tehama County. The additional projects are highlighted in the attachment, indicating the effective date for all four new SB 184 notification letters.

## **BACKGROUND:**

Government Code Section 14529.17, as amended by SB 184, permits an agency to expend its own funds for a STIP project, in advance of the Commission's approval of a project allocation, and to be reimbursed for the expenditures subsequent to the Commission's approval of the allocation.

Section 14529.17 shall be limited to advanced expenditures for projects programmed in the current fiscal year of the State Transportation Improvement Program. FY 2014-15 Notifications received prior to the beginning of the fiscal year will be effective on July 1, 2014. Notifications received after July 1, 2014, will be effective the date the Commission receives the notification letter.

Section 64A of the STIP guidelines directs the agency to submit a copy of the allocation request and SB 184 notification letter to the Commission's Executive Director. The original allocation request should be submitted to Caltrans at the same time.

Invoking SB 184 does not establish a priority for allocations made by the Commission nor does it establish a timeframe for when the allocations will be approved by the Commission. The statute does not require that the Commission approve an allocation it would not otherwise approve. SB 184 advance expenditures must be eligible for reimbursement in accordance with state laws and procedures. In the event the advance expenditures are determined to be ineligible, the state has no obligation to reimburse those expenditures.
