Subject: **NOTIFICATION OF AB 1012 “USE IT OR LOSE IT” PROVISIONS FOR FEDERAL FISCAL YEAR 2013 UNOBLIGATED CMAQ AND RSTP FUNDS**

SUMMARY:

The annual notice to the Regions, under Assembly Bill (AB) 1012 (Chapter 783, Statutes of 1999) “Use It or Lose It” provisions for Federal Fiscal Year (FFY) 2013 (October 1, 2012 through September 30, 2013), was released in mid-November 2014. With this notification, the total FFY 2013 funds identified as subject to reprogramming under the provisions of AB 1012 are approximately \$12.5 million. This includes about \$7.9 million of Regional Surface Transportation Program (RSTP) funds and about \$4.6 million of Congestion Mitigation and Air Quality Improvement Program (CMAQ) funds.

BACKGROUND:

The Intermodal Surface Transportation Efficiency Act was enacted in 1991 and was in effect for six years. During that time, the Regions were able to obligate only 87 percent of their federal funding. The next Federal Highway Act, the Transportation Equity Act for the 21st Century (TEA-21), was signed into law in 1998. During the first two years of TEA-21, the Regions’ obligation of federal funds dropped to as low as 41 percent. By October 1999, the Regions had accumulated a \$1.2 billion backlog in federal apportionments and \$854 million in Obligational Authority (OA).

AB 1012 was enacted on October 10, 1999, with a goal of improving the delivery of transportation projects and addressing the significant backlog of the Regions’ federal apportionments and OA. AB 1012 states that CMAQ and RSTP funds that are not obligated within the first three years of federal eligibility are subject to reprogramming by the California Transportation Commission in the fourth year in order to prevent the funds from being lost by the state.

The Department is responsible for monitoring and reporting unobligated balances. The Department provides notification to the Regions of the unobligated CMAQ and RSTP balances that have one year remaining under the AB 1012 guidelines.

In order to expend apportionments, Regions require OA. According to FHWA Notice 4520.231 dated October 1, 2014, the Federal Highway Administration has released a portion of the OA level for FFY 2015. Congress has authorized a Continuing Resolution for 72 days through December 11, 2014, which provides OA to Regions for this period. At this time, it is not known when the full annual amount of OA for FFY 2015 will become available. The unavailability of OA limits the ability for Regions to expend their annual apportionments.

³ These Regions are in air quality attainment and cannot use unobligated CMAQ apportionments, which are deobligations of closed out projects. It is anticipated that any CMAQ balance that accumulates in a Region in air quality attainment will be included in a future CMAQ rescission or transferred to another Region that over-delivered prior to the end of the current federal fiscal year.
