Dear Ms. Kiser and Mr. Sukys:

With this letter, I am transmitting Administrative Modification No. 30 to California's 2008/09-2011/12 Federal Statewide Transportation Improvement Program (FSTIP), which makes minor modifications to the rural, non-MPO portion of the FSTIP. Two State Highway Operations and Protection Program Roadway Preservation projects in Mendocino County, EAs 449401 and 46430 are currently funded with SHOPP Advanced Construction and State cash. Funds from the American Recovery and Reinvestment Act of 2009 (Recovery Act) have now been made available for the construction phase of these projects. This administrative modification replaces \$27,370,000 of SHOPP Advanced Construction and State cash with Recovery Act funds in Fiscal Year 2009/10.

These changes are submitted as an administrative modification. The changes are within the quadrennial element; do not reflect a change in the design concept or scope of the project, or impact financial constraints. Funding is available for this modification. In addition, there are no projects in this Administrative Modification No. 30 that are included in any other amendment that is currently open for public review.

Since administrative modifications do not require Federal Highway Administration and/or Federal Transit Administration approval, this FSTIP modification has been amended into California's 2008/09-2011/12 FSTIP.
