Amendment #13-11

Ms. Rachel Falsetti
Chief, Division of Transportation Programming
Department of Transportation
Transportation Programming, MS-82
1120 "N" Street
Sacramento, CA 94274-0001

ATTENTION: Abhijit Bagde

RE: AMENDMENT #13-11 TO THE 2013 FEDERAL TRANSPORTATION IMPROVEMENT PROGRAM (FTIP)

Dear Ms. Falsetti:

Under authority granted to me by the Southern California Association of Governments (SCAG) Regional Council, I hereby approve and transmit amendment #13-11 for projects in Imperial, Los Angeles, Orange, Riverside, San Bernardino, and Ventura Counties. Included in this amendment package are narratives describing the projects being amended, project listing reports, a financial plan, and a conformity determination.

This amendment:

- Is consistent with the amended 2012 Regional Transportation Plan/Sustainable Communities Strategy (2012-2035 RTP/SCS);
- Does not affect the regional emissions analysis of the FTIP;
- Does not affect the timely implementation of the Transportation Control Measures; and
- Does not adversely impact financial constraint.

Furthermore, SCAG through its function as the designated Metropolitan Planning Organization (MPO) has found the attached projects to conform to the applicable State Implementation Plan.

In addition, SCAG has completed the interagency consultation and the public participation process for this amendment on August 2, 2013.

If you have any questions, please contact Rosemary Ayala of my staff at (213) 236-1927 or via e-mail at ayala@scag.ca.gov

Sincerely,

Hasan Ikhrata
Executive Director

HI:ra

[1] JARC/NF funds reflect funding from current executed grants only. New JARC/NF funds approved by RCTC in April are not included here. However, the local match for the new approved amounts are included for Commuterlink 212/217 and Travel Training as these projects are currently operating and their scopes will continue in FY14. New Extended Hours service funding and deployment as approved in the call is not included here as service will not commence until Federal funding is secured.

[2] 5307 estimated carryover from FY13 grant CA-90-Z034 which has not been awarded due to DOL objection based on 13(c) will impact operating LTF negatively.

[3] COA Study to use $430,000 of previously programmed 5309, TUMF and Measure A funds.

[4] ITS Enhancement/Expansion for entire RTA fixed route fleet to be funded from programmed 40' bus funding.

[5] New 5307 funding per RCTC guidance; funding is at risk (timing) due to 13(c) issue; lack of funding availability will impact operating LTF negatively and capital STA/LTF negatively.

[6] Route 54 is funded by Western Riverside Measure A Highway funds.

[7] Medi-Cal Reimbursement funds are not allowable revenue for Farebox Recovery Ratio.

A#13-11 -- RIV CO -- RIV130602 * Grouped projects for purchase of new buses and rail cars to replace existing vehicles of the fleet

CONFORMITY

FINAL CONFORMITY ANALYSIS

Introduction

Federal Transportation Improvement Program

The Federal Transportation Improvement Program (FTIP) is the federally required multimodal list of capital improvement projects to be implemented over a six year period. The biennial FTIP update, produced on a two year cycle, implements the long-range Regional Transportation Plan/Sustainable Communities Strategy (RTP/SCS). The 2013 FTIP implements the transportation projects and programs of the 2012-2035 RTP/SCS included in the fiscal years (2012/13 – 2017/18).

Federal Conformity Requirements

Federal and state regulations provide that the Southern California Association of Governments (SCAG), as the designated Metropolitan Planning Organization, may rely on a previous regional emissions analysis when processing amendments, in the event that certain conditions are met. The Federal Highway Administration (FHWA) and Federal Transit Administration (FTA) and SCAG have identified the following type of 2013 FTIP amendments for which SCAG may rely on the existing regional emissions analysis:

"Category 3. Formal Amendment – Relying on the Existing Conformity Determination. This amendment may include adding a project or a project phase to the program. This amendment category consists of projects that are modeled and are included in the regional emissions analysis."[1]

Amendment #13-11 relies on the regional emissions analysis for the 2012-2035 RTP/SCS and 2013 FTIP as previously amended [Section 93.122(g) is the relevant part of the *Transportation Conformity Regulations* for this amendment].

FTIP Amendment #13-11 Project Description

FTIP Amendment #13-11 includes three projects for which conformity needs to be reaffirmed (see the Conformity Determination Project Listing). All the three projects are located within the South Coast Air Basin (SCAB).

Conformity Status of Current RTP and FTIP

The conformity determination for the 2012-2035 RTP/SCS and the 2013 FTIP received federal approval on June 4 and December 13, 2012 respectively.

The FHWA and FTA approved the conformity determination for the 2012-2035 RTP/SCS through Amendment No. 1 and the 2013 FTIP through Amendment No. 13-04 on July 15, 2013.

[1] *SCAG, Final 2013 Federal Transportation Improvement Program Guidelines, October 2011, page 121.*

Summary of Conformity Analysis and Findings

SCAG reaffirms the latest applicable conformity findings for both the 2012-2035 RTP/SCS and the 2013 FTIP as previously amended which can be found at: http://www.scag.ca.gov/tcwg/

This reaffirmation covers the findings for all applicable pollutants, including regional emissions analyses, financial constraint test, timely implementation of Transportation Control Measures (TCMs), applying the use of the latest planning assumptions and the latest approved emissions model, reaffirming consistency between the 2013 FTIP and the 2012-2035 RTP/SCS, and reaffirming the process for interagency consultation and public participation.

SCAG has completed its analysis of the proposed changes to the 2013 FTIP. SCAG's findings for the approval of this amendment are as follows:

Consistency with Current RTP/SCS and FTIP

The projects needing conformity reaffirmation in Amendment #13-11 are from the adopted 2012-2035 RTP/SCS, which is a conforming Plan. Amendment #13-11 does not include any new regionally significant projects beyond those currently included in the 2012-2035 RTP/SCS, nor does it move a project across any modeling years currently assumed in the 2012-2035 RTP/SCS and 2013 FTIP. Furthermore, the design, concept and scope of the projects do not differ significantly from what were described in the 2012-2035 RTP/SCS and 2013 FTIP.

Finding: The 2013 FTIP Amendment #13-11 is consistent with the 2012-2035 RTP/SCS and 2013 FTIP as previously amended.

Regional Emissions Analysis

This conformity analysis relies on the regional emissions analysis from the 2013 FTIP which updated the 2012-2035 RTP/SCS. The emissions analysis was performed with the SCAG Regional Travel Demand Model and utilizes the planning, socioeconomic and model assumptions from the 2012-2035 RTP/SCS and 2013 FTIP. FTIP Amendment #13-11 does not result in any modeling changes.

The regional emissions analysis methodology for this amendment to the 2013 FTIP uses currently applicable budgets to determine conformity for all criteria pollutants. Specifically, this conformity reaffirmation is being made for all criteria pollutants and precursors in the MDAB, the SCCAB, the SCAB, and the SSAB.

Finding: The 2013 FTIP Amendment #13-11 regional emissions for Ozone precursors (NOx, ROG/VOC) are consistent with all applicable emission budgets for all milestone, attainment, and planning horizon years in the Morongo Band of Mission Indians (Morongo), Pechanga Band of Luiseno Mission Indians of the Pechanga Reservation (Pechanga), SCAB excluding Morongo and Pechanga, South Central Coast Air Basin ([SCCAB], Ventura County portion), Western Mojave Desert Air Basin ([MDAB], Los Angeles County Antelope Valley portion and San Bernardino County western portion of MDAB), and the Salton Sea Air Basin ([SSAB], Riverside County Coachella Valley and Imperial County portions).

Finding: The 2013 FTIP Amendment #13-11 regional emissions for CO are consistent with all applicable emissions budgets for all milestone, maintenance, and planning horizon years in the SCAB.

Finding: The 2013 FTIP Amendment #13-11 regional emissions for NO_2 are consistent with all applicable emissions budgets for all milestone, maintenance, and planning horizon years in the SCAB.

Finding: The 2013 FTIP Amendment #13-11 regional emissions for direct $PM_{2.5}$ and its precursors are consistent with all applicable emissions budgets for all milestone, attainment, and planning horizon years in the SCAB.

Finding: The 2013 FTIP Amendment #13-11 regional emissions for PM_{10} and its precursors are consistent with all applicable emissions budgets for all milestone, attainment, and planning horizon years in the SCAB and the SSAB (Riverside County Coachella Valley portion).

Finding: The 2013 FTIP Amendment #13-11 regional emissions analysis for $PM_{2.5}$ meet the interim emission test (build/no-build test) for all milestone, attainment and planning horizon years in the SSAB (Imperial County portion).

Finding: The 2013 FTIP Amendment #13-11 regional emissions for PM_{10} meet the interim emission test (build/no-build test) for all milestone, attainment and planning horizon years in the MDAB (two nonattainment areas: San Bernardino County portion excluding Searles Valley portion and Searles Valley portion of San Bernardino County) and the SSAB (Imperial County portion).

Timely Implementation of TCMs

Finding: There is no committed TCM project in the 2013 FTIP Amendment #13-11. The 2013 FTIP Amendment #13-11 does not change timely implementation of the SCCAB and SCAB TCM projects.

Fiscal Constraint Analysis

Finding: FTIP Amendment #13-11 includes the most recent financial plan for the 2013 FTIP. All projects listed in the 2013 FTIP (including the proposed amendment) are financially constrained for all fiscal years.

Interagency Consultation and Public Involvement Analysis

The prior regional conformity analysis leading to FHWA and FTA's approval of the 2013 FTIP complied with all federal and state requirements for interagency consultation and public involvement as documented in Section V of Technical Appendix, Volume II of the 2013 FTIP. For 2013 FTIP Amendment #13-11, SCAG will undergo additional public involvement including solicitation via email for comments from the Transportation Conformity Working Group. In addition, Amendment #13-11 will be posted on SCAG's website (www.scag.ca.gov) for a 10-day public comment period.

Finding: The 2013 FTIP Amendment #13-11 complies with all federal and state requirements for interagency consultation and public involvement.

Overall

Finding: SCAG has determined that the 2013 FTIP Amendment #13-11 is consistent with all federal conformity requirements and regulations.
