Subject: Butte County Association of Governments' Administrative Modification No. 11 to the 2015 Federal Transportation Improvement Program

Dear Mr. Lord, Mr. Sukys, and Mr. De Terra:

On August 4, 2015, with the acknowledgment of the Butte County Association of Governments (BCAG) Board, the California Department of Transportation (Caltrans) delegated to the BCAG Executive Director the authority to approve Administrative Modifications to the Federal Statewide Transportation Improvement Program (FSTIP)/Federal Transportation Improvement Program (FTIP). This delegated authority is in accordance with the FSTIP/FTIP Amendment and Administrative Modification procedures.

The BCAG Executive Director has completed review of Administrative Modification No. 11 (Modification No. 11) to the 2015 FTIP. The Executive Director finds that these proposed changes are consistent with the FTIP Amendment Policy adopted by the BCAG Board; therefore, approves these changes. BCAG certifies that the projects included in this modification are not included in any other amendment or modification to the 2015 FTIP currently out for public review or approval. The BCAG staff reviewed the requests and has agreed to make administrative revisions to the 2015 FTIP reflecting changes to the projects below:

**Butte County Highway Safety Improvement Program (HSIP) Grouped Projects**

- The Grouped Listing for the HSIP Program has been updated by Caltrans to reflect a cost increase for one project on behalf of the Town of Paradise. The specific project is located on Pearson Rd between Clark Rd and Pentz Rd. The minor cost increase of \$134,182 has been added to the 2015/2016 fiscal year. The total grouped listing changed from \$11,224,068 to \$11,358,250. No other changes were made.

BCAG concurs with the request to expedite the appropriate changes as part of Modification No. 11 because:

- 1) The change in total funding is less than 40% for each project;
- 2) The project is an existing project already included in the regional emissions analysis and therefore does not warrant a new analysis; and
- 3) The proposed project changes does not interfere with timely implementation of any approved TCMs.

Revisions have been made to California Transportation Improvement Program (CTIPS) database and are reflected in the enclosure. This administrative modification relies on the FSTIP financial capacity. The financial constrain documentation will be updated to reflect changes made by this administrative modification in the next formal amendment. It should be noted that the changes to these projects does not require a re-determination of the air quality conformity analysis.

Under the delegated authority received from Caltrans, Administrative Modifications do not require Federal Highway Administration, Federal Transit Administration or Caltrans approval. The purpose of this letter is to notify Caltrans, the Federal Highway Administration, and Federal Transit Administration that this Administrative Modification has taken place. If you have any questions, please contact Mr. Ivan Garcia, Programming Manager for BCAG directly at 530-809-4603 or by email at [igarcia@bcag.org](mailto:igarcia@bcag.org).

Sincerely,

Jon A. Clark,  
Executive Director
